## SUMMARY

---

Full-stack developer passionate about crafting innovative solutions and bringing digital concepts to life.

## TECHNICAL SKILLS

---

**Languages:** C++, C, JavaScript, SQL

**Frameworks:** React, React Native, Nodejs, Expressjs

**Developer Tools:** Git/Github, Firebase, MongoDB, Redux

## PROJECTS

---

### ChatApp

*A full stack web app with real time communication.*

- Built a real-time chat application using MERN stack (MongoDB, Express.js, React.js, Node.js) and TailwindCss.
- Enabled real-time communication through Socket.io integration.
- Implemented JWT authentication for secure user login and data access.
- Leveraged Zustand for efficient state management within the React application.

### ResQnet

*A one stop solution for Disaster rescue.*

- Developed a emergency response app for streamlined rescue coordination.
- Built using React native, node and express for server, mongoDB for database and Socket.io for real-time communication.
- Integrated location services to connect users with nearby aid organizations (hospitals, NGOs, volunteers) during emergencies.

### Memories

*A Web Application for sharing your life's interesting events.*

- Developed a full-stack web application using MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented Redux Toolkit for efficient state management and Material UI for a user-friendly interface.
- Enabled secure user login with JWT and Google authentication options.

## EDUCATION

---

**Jaypee Institute of Information Technology, Noida**

*Bachelor of Technology, Computer Science and Engineering*

CGPA: 9.1

2021-2025

**Army Public School, Meerut Cantt**

*Grade 12th*

97.6%

2020

**Army Public School, Meerut Cantt**

*Grade 10th*

95.2%

2018

## CO-CURRICULAR

---

**Member:** Dance Society (2022-2024)

**Member:** Public Relation Society (2022)
